The Spot Experience Partners With Two Trees Management On New Pet Services Amenity

[The Spot Experience](#), the premier and fastest-growing pet care services provider that partners with residential developers as well as the airline and hospitality industries, has partnered with Two Trees Management on a new dog care facility at Mercedes House, the 864-unit luxury residential building at 53rd Street and 11th Avenue, where 60% of the residents are pet owners.

At its latest location, Spot is offering in-facility services that include cage-free daycare, personalized walking, grooming and specialized training, among other things.

"We are delighted to be partnering with Two Trees Management to provide residents of Mercedes House with our services," said Mitch Marrow, Founder and Co-CEO of The Spot Experience. "We pride ourselves in having the most highly trained staff and latest in groundbreaking technology in order to ensure our clients receive unparalleled pet services."

"Mercedes House strives to offer the ultimate in luxury living in Manhattan and partnering with The Spot Experience proves we are always meeting and exceeding our tenants' needs," said Ashley Wirkus of Two Trees Management. "The new facility will ensure that residents will have the best care for their beloved pets at all times."
